They are selected by their groups to serve as active members of the Area service committee. POLICY REPORT FOR SEPTEMBER, 2025

Greetings ALL GSRs and Executive Body Members,

Our committee meets on the 3rd Saturday of each month @ 12:30 pm – Virtually. We would like to thank the BASC-Area GSR's for their patience, attendance and participation in our journey. Welcome to all whom care to join!!!!

I would like to begin by stating what Article XV, Sentence 8 says; "To allow the Policy Committee to make needed amendments to Articles & Guidelines for clarity". (3-07/07/12)

The Policy Committee meeting was held on September 20, 12:30pm. The Policy Committee chair reported at the executive body meeting that motions made at the area meeting should be included with the area secretary's report so they can be posted on the website. The assistant area secretary says she would follow up with the area secretary to see if this can be reinstated as it was done in the past.

A policy law covering motions from January to June 2025 was emailed to all Policy Committee members. Format challenges prevent printing on one sheet due to the number of columns, but members can access the law electronically during meetings. The last motion was recorded in June 2025. No motions were received from July to September 2025.

Motion #2-12062024, (incoming chair workshop) The committee revisited this motion which states that incoming executive chairs are to receive a workshop to be trained in their position before serving. While the motion was passed, a concern was raised that this motion has not been implemented. The person who made it did not provide details on how the workshop should be implemented. The current policy already requires incoming chairs to shadow outgoing chairs during the transition period in December and responsibilities/duties, are read to nominees before elections. The term workshop and the motion lacks clarity on how this should be implemented and need further guidance from GSR's. A learning day was suggested as an alternative but this decision rests with the GSR's and has been under discussion for over 2 years.

The Policy Committee stressed that we submit ideals and recommendations to present the area. Any recommendations or revisions will be given to GSR's. It was confirmed that some information was previously submitted with notes and updates and the policy secretary will rescind to all Committee members for review.

Reminder that all motion should be clearly understood before voting and signed by the policy chair to prevent confusion later.

Concern expressed about the Region spending \$5000 for two people to attend certain conventions noting that Baltimore area remains a consistent contributor while limiting our own funding for convention attendance. GSR's can look at setting a fixed contribution amount to the region to better protect the area's finances. Members stress the importance of involving area policy and not remaining stuck in what has always been done. We hope that if our RCM encounters an issue that he does not fully understand or doesn't agree with he will vote to table the motion at the region in order to consult the area before voting.

Discussion revisiting the longstanding ideal of hosting a learning day to educate GSR's, service body members, potential service body members on roles, motions and procedures. It is observed that perhaps some GSR's lack enthusiasm, training and clarity in their authority. It was emphasized in the discussion that GSR's hold all decision-making power, and the committee members can only recommend ideals for refresher trainings to present at the area.

We will continue to review and discuss the Policy Committee regular meeting efforts on

We will answer any questions that you may have concerning matters of this committee. We thank you in advance for your time, commitment, and assistance.

Public Relations subcommittee report

Good morning to executive body and GSR's. The first thing I would like to address is interested in serving a second term as chair. I am ready if nominated and voted in. If you believe that I am carrying out PR work according to the handbook and using the approved budget correctly, and most importantly not violating traditions and policies, vote me in. If you do not believe that I am carrying out the responsibilities I understand you selecting someone else. Something that needs clarity is that I will only do PR work according to the handbook. I will not serve on other committees. I have included the PR Basics with my report. Reading all ten pages is important, or at least the suggested pages listed in report.

Please read

PR statement

All of page 4, and first paragraph on top of page 5 to get clarity on PR service and traditions

Page 6 to understand that we do literature drops, presentations, learning days etc

Page 8 to learn about some of the organizations we cooperate with

Thank you hopefully the Baltimore area can get on the same page about PR.

Public relations attended two events in September

The recovery walk, we gave away a lot of schedules to addicts in programs

The town hall at Penn North

No events currently just literature drops

Thank you
